Branded Graphics, Built-In Screen

DesignView®

Build your presentation right into your display! With front or rear screen projection, DesignView® gives you a big, branded graphic with a built-in screen area for seamless, impactful messaging.

Short-Throw Projection

Get presentations measuring up to 100" (254 cm) diagonally with a projector that is up to 31" (79 cm) away - leaving you ample space for interaction.

Easy, No-Tools Set Up

Foldable frame with pre-attached fabric graphics sets up in about 2 minutes. Low-profile support feet provide stability.

Fabric Graphics, Integral Screen

Brilliant Skyline graphics carry your brand and have screen areas available in a variety of sizes and positions to fit your needs.

Packs Small

Frame and graphic fits in a single soft-sided shipping case with wheels. The projector fits in an additional wheeled protective shipping case with retractable handle.

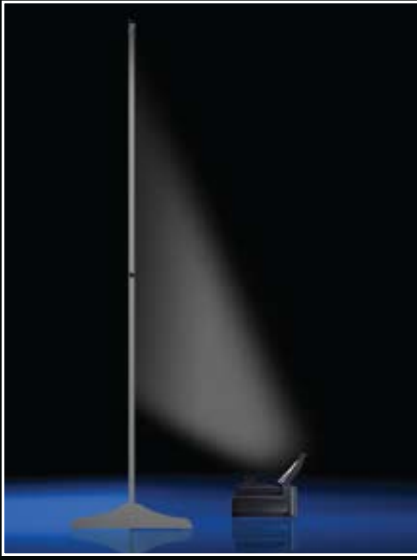

Buyers Choice Award Winner!

DesignView® voted best new product at EXHIBITOR!

Impact for Rent!

Get high impact with low investment. DesignView units, complete with projector, are available for rent. You can purchase a custom, branded graphic screen or, for even lower costs, rent a standard screen - black, gray, beige or white.

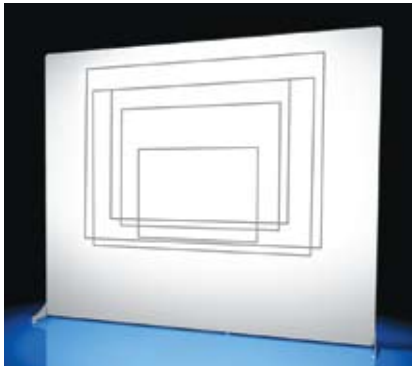

Short Throw Projector Saves Space
DesignView's projector requires minimal space for rear projection.

DesignView® Presentation System

Skyline takes the guesswork out of exhibits with a projector and large-format graphics! Simply select the size and position of your presentation area and we'll do the rest. We'll even tell you where to place the projector.

Screen areas are available in 5 sizes and a variety of positions to fit your needs.

Light-blocking drape cuts down on ambient show hall light for a colorful presentation.

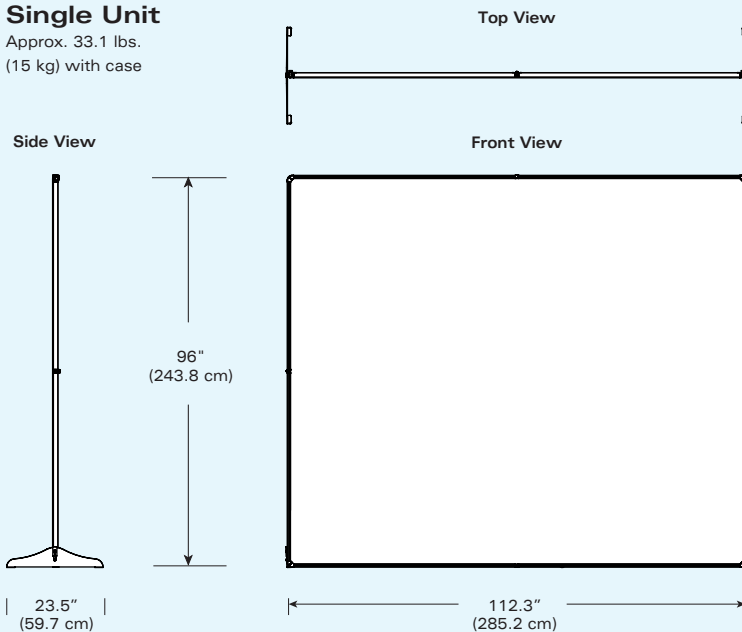

Projector case has a retractable handle and wheels for easy transport.
